(18.12.2021 - 13.03.2022)

on

Cyber Security and Digital Forensics

Weekend online classes

Saturday & Sunday : 4:00 PM - 5:30 PM

College Profile

Rajdhani College was established in 1964 by the Delhi Administration in Kirti Nagar, New Delhi under the name of Government College and was renamed as Rajdhani College when the Delhi administration vested its governance in an autonomous Governing Body. Rajdhani College is a constituent college of the University of Delhi and has completed 50 glorious years of academic excellence. The college has a well-stocked Library with Computer & Internet facility with access to more than one lac scholarly books and e-books on various subjects. The college has well-equipped Science Laboratories, as well as Math and Computer Laboratories.

ABOUT THE ONLINE ADD-ON COURSE

Forensic science is the application of science to criminal and civil laws, mainly—on the criminal side—during criminal investigation, as governed by the legal standards of admissible evidence and criminal procedure. Forensic science is a multidisciplinary discipline that includes chemistry, biology, physics, geology, psychology, social science, engineering, and other fields of study.

Forensic science is important as it aids in the determination of prospective suspects' guilt or innocence. It is concerned with physical evidence recognition, identification, individualization, and evaluation. Crime experts, handwriting experts, forensic scientists, crime reporters, crime scene investigators, forensic pathologists, forensic geologists, finger print experts, forensic chemists, forensic photographers, and other forensic science professionals work in government and private sectors such as central government forensic labs, intelligence bureau, hospitals, law firms, private detective agencies, army, and police departments. The following are the subjects that will be addressed in this course:

How to investigate white collar crime, its types and detection of various types of forgeries

Digital and Cyber Forensics

Crime Science Investigation

Forensic Ballistic

Brain Mapping

Environmental crimes

Handwriting and question document examination/skeletal remains and finger prints

Mobile Forensics

Handwriting Science

Forensic Physics
